O 'Tis True Is Only Outsider to Score Over Muddy Track at the Fair Grounds-Arrivals of Turfmen at Crescent City Continue.

New Orleans, La., January 11.—Cool and threatening weather tended to reduce the volume of local patronage at the Fair Grounds this afternoon, but the regulars, augmented by a bost of newcomers that arrived Sunday, were out in full force and contibuted to a really good attendance. The severedrenching that the track received from the hard rain of last night gave the mud runners their opportunity. Form was well observed in spite of the changed state of the going, for five favorites managed to scurry home in advance. The only outsider to score was 0 'Tis True in the fifth race.

An attempted coup with Manager Mack in the closing dash failed, but for a while it seemed as if it might succeed, as the horse, snowing vastly improved form, dashed into a long lead and even on the stretch turn looxed like the probable winner. But Garneau finally overtook him and won well in hand. Manager Mack beat the others.

The inner post position at the start again proved factor in the decision of the juvenile dash, for investment, which was lucky enough to draw it, managed to win over School for Scandal, with Chinati beating the rest. Like Garneau, Investment is owned by P. M. Civili, so that owner scored a double during the afternoon.

Doubt as to Brick and Mortar's ability to run well in the going caused him to go to the post unbacked by his connections, but there were some who hald faith in his ability, for he received enough support to make him equal favorite for the race with Anna Kruter.

Viley, at present enjoying rare form, won his third successive victory when he showed the way to the others starting in the third race. Joe Delhold, another well-tricd mud performer, gave his backers no uneashness, for he dashed into the lead at barrier rise and showed his heels to the others all the way. Eole Pearsal, Charles Fox. Leo Mayer and C. T. Anderson were among the big delegation that arrived from New York last night and at once took part in the activities of the palm garden.

W. G. Yanke's horses shipped well from Juarez and that own

John Lewis, a well-known layer, was another arrival this morning. He will remain for the entire racing term here.

John B. McLaughlin and several others arrived from Lexington, Ky., last night. Mr. McLaughlin was high in his praise of the meeting and said: "Folks in the north really have no conception how important the racing at the Fair Grounds is. If they did, they would flock here in great numbers. Those who were instrumental in bringing racing back here certainly deserve commendation."

All Hanf arrived this morning from Charleston, S. C., and will stay for the rest of the season.

A purse of \$500 was raised among the turf colony to be used to defray the shipping and burial expenses of the late Jerry Daley, who was killed in Havana recently. The body will be shipped to Chicago, where interment will take place.

Ladies' day will again be featured at the Fair Grounds tomorrow and, with good weather, a record attendance is expected:

LAST YEAR'S RECORD OF THE BIGGEST RACING STABLE IN AMERICA

Considering that he is a skillful trainer and conditioner and that the extraordinary number of forty-live horses raced in his colors last year, it is no wonder that H. G. Bedwell's stable earnings should have exceeded \$50,000. It is conceivable that had three or four of his many horses been good enough to do battle successfully for some of the big prizes of the turf he would have been a formidable competitor for the leadership of our winning owners of 1914. But, outside of the two-year-old Sir Edgar, none of his horses was of better grade than the best division of the selling platers. These were sagaciously placed and industriously raced. Pardner was sent to the post thirty-free times and such a really promising two-year-old as Sir Edgar deserved better usage than being called upon to take part in twenty-eight races. Elwah was started in thirty-five races. Buslay Head in thirty-four and hard-worked Laura in forty-one. Of course Mr. Bedwell at no one time had the forty-five horses in his stable, many of them passing to other owners in selling races and private sales from time to time. But at all times he had enough and his stable record for the year was:

RECORD FOR 1914 OF PAN ZARETA AND HER STABLEMATES

The fame of Pan Zareta as one of the fastest sprinters west of New York is of no recent establishment. For two years prior to 1914 she was the bright star of the J. F. & H. S. Newman stable and had often demonstrated her ability to run exceedingly fast and carry high weight while doing so. She was at her best last year, but lacked two of winning as many races as she did in 1913 when her score was fifteen firsts. When a two-year-o'd in 1912 she won thirteen races, so in the course of her three years in racing she has achieved the remarkably good record of having won forty-one races in eighty starts, besides having finished second in twenty races and third in seven. In money won her total is \$19.492. The two brothers. Uncle Bea and Ben's Brother, raced profitably for the Newman stable. Their dam, Bessie Bisland, was a trequent winner over Chicago tracks in the days when the sport flourished here. Altogether, it was a presperous year for the stable and its good record was:

GENERAL NEWS NOTES OF THE DAY.

Great Britain's preliminary reply to the note from the United States government requesting an improvement in the treatment of American con-merce by the British fleet has been made public. Strong hope of establishing a definite understanding

with Great Britain regarding American commerce with neutral neighbors of Germany is expressed by officials of the Washington administration who have perused the reply of Sir Edward Grey. The reply, which is conched in the friendliest terms, sets forth the position of Great Britain on the question thus: Great Britain will interfere only with cargoes of contraband of war destined to Germany and will pay damages if such interference in particular cases be found unwarranted. British interference with American trade has been greatly exaggerated, as is evidenced by the tremendous increase in the volume of exports from New York alone to Denmark, Sweden, Norway and Italy. The extraordinary increase in the volume of American copper exported to neutral neighbors of Germany arouses the presumption that much of it was destined for belligerent use and four consignments to Sweden, shown to have been intended for Germany, were seized. Great Britain will endeavor to adhere to the rule that foodstuffs not destined for belligerent use age not contraband, but may be unable to do so because of violation by its enemies of "hitherto accepted rules of civilization." An arrangement for the settlement of all disputes regarding American commerce and the adjustment of reparation is desired by Great Britain.

The United States government it became known, is not altogether satisfied with the note of Sir Edward Grey, giving Great Britain's preliminary reply to President Wilson's protest concerning the treatment of American commerce by the British fleet. Although gratified that Great Britain admits the justice of virtually all the principles of international law cited in the American note officials at Washington reiterated that the chief difficulty had been England's neglect to make her actual practice square with the previously accepted rules of international law cited in the American note officials of the grategue vesterday it is reported. An attack by Villa troops upon Monterey was begun yesterday, it is reported. At 11 o'clock the operators at Monterey deserted the telegraph office there. Tampico is reported still in the hands of General Pablo Gonzales, a Carranza supporter, but is said to be seriously threatened.

Villa forces are credited with a decisive victory over the troops of Gen. Antonio I. Villareal and Gen. Maclovio Herrera, in a three-day battle at Saltillo, which began early Friday morning.

JUAREZ FIELDS INCREASE

IMPROVEMENT IN TRACK CONDITIONS RE-FLECTED IN SIZE OF RACING CARD.

Jimmie Hunt Wins Race for Two-Year-Olds with Long Odds Quoted and Accepted Against His Chances-Two Favorites Among Winners.

El Paso, Tex., January 11.—The constant improvement that has been taking place in track conditions at Juarez was reflected in the larger fields that took part in the sport today. With the exception of a race for two-year-old colts and geldings, the card was given over to the selling platers.

The juvenile race was won by the well-backed long shot, Jimmie Hunt, a son of Himalaya and Stella Shea, from the stable of I. Striker. Jimmie Hunt had failed to show anything promising in his only preceding start and Frank Patterson, a first time starter from the stable of P. T. Chinn, was installed an even money favorite. He finished third, a nose behind That's Me, another first time starter, which was in turn beaten half a length by the winner.

time starter from the stable of P. T. Chinn, was installed an even money favorite. He finished third, a nose behind That's Me, another first time starter, which was in turn beaten half a length by the winner.

Another long shot accounted for the second race when Sugar Lump came from behind with a rush to nose out Linbrock, joint favorite with Melts, which finished a close up third.

Orimar Lad was regarded as having the succeeding race at his mercy and was well backed at odds-on, but fell a victim to Wild Bear's closing challenge.

Panhachapi won the fourth in a hard drive with Lone Star and was the first favorite to score during the day. She was in front most of the way. A coup was attempted in the fifth with Lukemae, but the lukewarm favorite, Planetary, led from start to finish and the supposed "good thing" had to be content with second money.

One of the most exciting finishes of the day attended the closing dash, which Hard Ball won by a nose from Lady Young, with Cisko half a length back. The winner led by a wide margin until well into the stretch, where the others closed up when be began to weaken a bit. All three of the placed horses were outsiders in the betting.

H. L. Crane and wife, of Chicago, arrived today. Mr. Crane is the owner of Yallaha. He has engaged apartments and wiff remain for the rest of the meeting.

Jockey J. O'Brien has severed his connections with E. J. Ransey and departed tonight for Havana.

W. H. Fizer has purchased jockey A. Mott's contract from N. K. Moody and will make his engagements in the future.

EUROPEAN WAR DEVELOPMENTS.

EUROPEAN WAR DEVELOPMENTS.

Petrograd advices are to the effect that advancing along the railroad line from Mlawa, the German forces in Northern Poland are striking toward Novo Georgievsk, the great fortress that guards Warsaw from the northwest. Every step of their advance is being stubbornly contested by the Russian troops who a month ago drove the Germans back to the frontier of East Prussia, only to fall back in turn before heavy teinforcements received by the Kaiser's army. At Bogurzynek, southwest of Mlawa, the Russians claim to have inflicted heavy losses upon the advancing Germans, and then effected a with drawal with small losses to themselves. Falling back behind Konapsk, on the way to Ciechanow, the Russians mined the railroad and blew up a German troop train. More than 300 soldiers were killed in the explosion. West of Warsaw the situation is practically unchanged. Fighting continues at Mogleinica, where the Germans have lost heavily in their attempts to take Russian trenches. While the Russians are tenaciously resisting the Germans in the south is maintained. They are advancing steadily through Bukowina and have reached Dorna-Watra, on the river, half way between Kimpolung and Borgo Pass, where they will enter Hungary. In their raipid advance through Bukowina are Russians have taken thousands of prisoners and vast quanther reorganized Tenth Corps of the Ottoman army

is fighting desperately for its existence. A report from the headquarters of the Cancasus army says: "Fighting continues in the environs of Karausgan (southwest of Sari-Kamysh). The Turks are showing their former stubbornness again. They have received reinforcements." The following official statement from the general staff of the Russian commander-in-chief was made public: "On the left bank of the Vistula nothing but desultory engagements with the Germans has taken place. During the night of January 8-9 and throughout the following day the Germans directed four successive attacks against us in the northern region. Our troops, proceeding by sapping, pelted the Germans with hand grenades and forced them out of their trenches and leveled their works. On the Austrian front no important change has occurred. Our attacks there, however, lave succeeded and the Austrians everywhere retreated. We took some prisoners."

trians everywhere retreated. We took some prisoners."

The fighting along the Aisne, and especially in the vicinity of Soissons, is rapidly taking on the proportions of a general battle. In an endeavor to regain their lost trenches the Germans are bringing up additional troops from the rear and are also bringing into action additional artillery. The fact that Soissons has been used as a British head-quaters is believed to be the reason for the bombardment now in progress. The Germans are also reported to be active in the Champagne region and in the Argonne, but their movements there are believed to be in the nature of attempts to feel out the French lines for a weak spot. It is unofficially stated that there has been no actual change in the situation at Alsace. The fresh troops are slowly getting into action, but a combination of snow, rain and mist has interfered with rapid movements. Bedh sides have lost heavily and neither has up to the present time gained any decided advantage. Advices from the front in France indicate that the Germans are pressing their attack in the region of the Aisne. Heavy guns brought up by the kaiser's men are shelling the allies' lines and an infantry advance in force is expected to follow. A dispatch to the London Daily Express from Boulogne asserts that confirmation has been obtained of the rumors that the Germans have evacuated Lille and that the city is now virtually in the possession of the British.
